EDUCATION

University of Science and Technology of China

B.Eng. in Computer Science and Technology

Sep 2021 - Jun 2025

- Supervisor: [Prof. Tong Xu](#)

University of Tokyo

M.S. in Creative Informatics

Oct 2025 - Present

- Supervisor: [Prof. Yusuke Miyao](#)

EXPERIENCE

USTC MINE Group

Hefei, China

Research Assistant

Feb 2025 - May 2025

- Assisted with the group's research activities as a research assistant, gaining hands-on experience in fundamental research tasks under the mentorship of senior researchers.

Temple University

Philadelphia, U.S.

Exchange Student

Jan 2024 - May 2024

- Selected to participate in the exchange program between the University of Science and Technology of China and Temple University, and awarded the USTC Fellowship scholarship.

PROJECTS

LLMs Inference Acceleration

Jan 2025 - Mar 2025

- Assisted in research to extend the autoregressive decoding paradigm to a multi-branch drafting procedure, enabling efficient generation of draft sequences without additional models or training, while preserving generation quality by maintaining fixed LLM parameters.

SKILLS

Programming and Technological Languages Python, C, C++, Latex, Markdown

Languages Chinese (Native), English (Fluent), Japanese (Intermediate, JLPT-N2)

Research Interests Multimodal Representation Learning, Real-World AI Applications
